# 1 Summary

Job Title                      Senior Airport Consultant (staff)  
Location                        Bournemouth, UK

## 2 About Us

Think Research is an Air Traffic Management and Airports consultancy based in Bournemouth. We respond to our clients' requests and desires to improve their operational performance. We do this by using our expertise on present and future operations in both the ATM and Airport domains.

Since 2004, our average year-on-year growth has been 34% and we wish to continue this trajectory and grow to double our current size in the next 5 years. We have achieved this growth through:

- High client retention.
- High staff retention.
- Exceptional track record of delivery.

We are now looking for experienced candidates to support the growth of our rapidly expanding airport team. As a consultant with us you will be involved in a variety of interesting projects for clients around the world, be expected to build and manage client relationships and maintain the standards that we expect on each assignment.

## 3 Suggested Profile

Candidates for this position will need to have gained relevant experience, which could be in a variety of backgrounds in aviation consultancy or airport operations. You will be knowledgeable in airport and aircraft operations as well as having an understanding of how ATM fits into the overall industry. You should be confident working on complex problems and able to comfortably work with data in analysing problems. Experience in writing reports for decision makers and developing proposals would be considered advantageous – we need our consultants to have excellent written and verbal skills. Most importantly you will be an ambitious, flexible and above all personable candidate able to communicate confidently, adapt quickly and act on your own initiative.

We're not a big, process heavy bureaucracy so if you are looking for a well-worn, fully mapped out career route we are likely not for you. If on the other hand you like challenge, working on the edge of your comfort zone and the diversity of opportunity that comes from being part of a growing SME then we can give you a fantastic environment in which to turbo-charge your career.

## 4 How to Apply

Candidates should demonstrate their interest by sending a cover letter and their CV to [info@think.aero](mailto:info@think.aero) with the title of the role they are applying for in the email header. We would expect candidates who are selected for interview to prepare and deliver a presentation on a topic of our choosing. We would expect new recruits to be able to be based at our office in Bournemouth.
